

Transform Your Nails with KeryFlex Nail Restoration

Your Nail Glow-Up Starts Here!

Are you tired of hiding your toes in shoes or socks? Imagine showing off nails that are smooth, healthy-looking, and picture-perfect! **KeryFlex Nail Restoration** is the game-changing solution you've been waiting for. Let us bring out the best in your nails!

What is KeryFlex?

KeryFlex is a painless, in-office treatment that restores the appearance of your natural nails. Perfect for damaged nails caused by fungus, defects, or trauma, KeryFlex uses a composite resin to create a flexible, durable, and natural-looking nail. Here's what makes it special:

- **Immediate cosmetic enhancement** after just one visit
- **Natural look and feel**
- **Non-porous and resistant** to moisture, acetone, nail polish, and detergents

- **Allows natural nail growth** underneath without irritation.
- **Moves with your toes** for ultimate comfort

Is KeryFlex Right for You?

KeryFlex is ideal for:

- **Nail fungus**
- **Trauma-related nail damage**
- **Spoon-shaped or brittle nails**
- **Horizontal ridges**
- **Discolored nails**

However, KeryFlex is not suitable for individuals with:

- Peripheral vascular disease or arterial insufficiency
- Peripheral neuropathy
- Suspicious pigmented lesions on the nail

It's also best avoided during pregnancy, nursing, or if you have allergies to its ingredients. Ask your provider if KeryFlex is right for you!
